

Ōpōtiki District Council
Ōpōtiki Ward
Electing 3 Councillors

Barry HOWE

My principal place of residence is in the Ōpōtiki Ward area.

I believe I have the business experience, Whanau experience, common sense experience to make our community a better place. By that, we need to reconnect our community for the betterment of all. At the moment we have a disconnected community. My goal this term, under a new Mayor would be to have our community working together all heading in the same direction. The Community has and is, the answer to a lot of our problems. Central Government is not going to fix our problems, we as a community will fix our problems. Positivity always outways Negativity.
