

Ōpōtiki District Council

Electing the Mayor

Lyn RIESTERER

My principal place of residence is in the Ōpōtiki District Council area.

It is important for our community to focus on what we want to achieve from 2020 onwards. With six years as a Councillor and three as Deputy Mayor, I now want to lead the collective vision

for our district. That means talking with as many people as possible to ensure the Council governs with their voices behind us as we focus on what's best for all.

Let's make our district's existing motto - strong community, strong future - our central theme and work collectively at achieving this. We have a diverse mix in our district - we can pull together using positivity as our tool of choice. This is the community I want to lead.

I hold honesty and integrity to be my strongest assets, along with my ability to listen and respond. I want a cohesive council working through decisions based entirely on what's best for everyone.
