

Chapter 14

Heritage

14. HERITAGE

NOTE: All pre 1900 sites, recorded or unrecorded, are protected under the Heritage New Zealand Pouhere Taonga Act 2014. An archaeological authority may be required for earthworks or works to buildings and structures. Heritage New Zealand Pouhere Taonga should be consulted before undertaking proposed works. This requirement applies in addition to the rules in this Plan. (Sub 24.77)

14.1 RESOURCE MANAGEMENT ISSUES

1. There is insufficient information on **heritage resources** that require management and protection.
2. The effects of some land use activities have the potential to adversely affect historic places and waahi tapu heritage items, including excavation in, or in close proximity to, the site, and can affect the stability of the foundations ~~of heritage structures~~. (Sub 18.105)
3. Earth moving and excavation activities can affect the root systems of notable trees within the District.
4. The need to recognise and protect Māori heritage sites as a matter of national importance, whilst in many cases ensuring that the exact location of such sites is not disclosed.
5. Public **access** to many sites of cultural significance may compromise the character or values of the heritage site.
6. There are a large number of unrecorded heritage sites (or heritage resources) which may be changed or destroyed where landowners are unaware of their existence. (Sub 18.108)

14.2 OBJECTIVES AND POLICIES

14.2.1 OBJECTIVE

To recognise and protect the heritage values of resources, including waahi tapu, buildings, objects, trees, and archaeological sites. (Sub 18.109)

POLICIES

14.2.1.1 Destruction, demolition or removal of historic items listed in Appendix 14.9.1 should be avoided as far as practicable. (Sub 18.112)

~~14.2.1.2 Ensure that alterations and additions to modification, damage or destruction of any **heritage resource items** listed in Appendix 14.9.1 is-are undertaken in accordance with the Heritage NZ Pouhere Taonga Act 2014, so in such a manner that the alterations or additions do not adversely~~

affect the heritage values of the historic item site. (Sub 18.110)

14.2.1.2 Ensure **signs** on heritage items listed in Appendix 14.9.1 and on the ~~scheduled features or sites~~ on which they are located do not adversely affect heritage values and avoid unnecessary or inappropriate signage. (Sub 18.113)

14.2.1.3 Ensure notable trees are protected from the adverse effects of subdivision, use and development activities, including activities located close to identified trees.

14.2.1.4 Encourage and facilitate the strengthening of buildings included in the heritage appendix to increase their ability to withstand future earthquakes while minimising the significant loss of associated heritage values.

14.2.2 OBJECTIVE

To improve public awareness of the heritage resources that exist in the District, and to improve community commitment to the recognition and protection of these resources.

POLICIES

14.2.2.1 Identify the resources within the District that have heritage value.

14.2.2.2 Provide community and resource consent applicants information on **heritage resources**, so that a better understanding of potential effects can be obtained.

14.2.2.3 Recognise the role of, and work with, other agencies (and legislation) such as ~~the~~ Heritage New Zealand Pouhere Taonga Historic Places Trust and the New Zealand Archaeological Association. (Sub 18.119)

14.2.3 OBJECTIVE

To recognise and provide for sites of cultural significance identified in Iwi and Hapū resource management plans.

POLICIES

14.2.3.1 Recognise that Iwi and Hapū have **sites** of special importance that they may not wish to publicly disclose and ensure that these **sites** are treated and protected in accordance with Iwi and Hapū wishes.

- 14.2.3.2 Encourage the development of Iwi and Hapū resource management plans that provide information about **sites** of cultural significance and information about external processes that may impact on cultural resources, such as under the Resource Management Act 1991, and through Heritage New Zealand and the Department of Conservation. (Sub 18.122)
- 14.2.3.3 Ensure subdivision use and development does not depreciate the relationship tangata whenua has with its taonga.
- 14.2.3.4 Recognise that only tangata whenua can identify and evidentially substantiate their relationship and that of their culture and traditions with their ancestral lands, water, **sites**, waahi tapu and other taonga.

14.3 ACTIVITY STATUS

~~*The Rules in this Chapter apply only to heritage resource identified in Appendix 14.9.1. It should be noted that all pre 1900 sites, recorded or unrecorded, are protected under the Heritage New Zealand Pouhere Taonga Act and Heritage New Zealand should be consulted prior to proposed works to identify the need for an archaeological authority. (relocated to beginning of chapter)*~~

Resource consent is required for all Controlled, Restricted Discretionary, Discretionary and Non-complying activities. Resource consent is not required for Permitted activities, provided all relevant standards in zones and other relevant Chapters are met.

14.3.1 Additional controls may apply under the relevant zone and the following Chapters:

- Surface of Water Activities – refer Chapter 12
- Landscapes and Vegetation – refer Chapter 13
- Natural Hazards – refer Chapter 18

14.3.2 PERMITTED ACTIVITIES

14.3.2.1 The following activities are permitted in any zone in relation to a **heritage resource** identified in Appendix 14.9.1: (Sub 24.790, 24.860)

- 1 **Maintenance and repair** of ~~scheduled~~ historic items listed in Appendix 14.9.1.
- 2 **One sign** of no greater than 0.5m² on **buildings**, structures or **sites** listed in Appendix 14.9.1 or Appendix 14.9.2 (Sub 18.152) **that do not have existing signage shall be a Permitted Activity provided that:**
 - (a) **The sign** denotes the name or purpose of the activity undertaken on the **site**.

- (b) A freestanding **sign** has a maximum **height** of 2m.
- (c) An attached **sign** is located on the ground floor level of the **building**.
- (d) The **sign** is not internally illuminated or made of reflective material.
- (e) The **sign** is not placed over features for which the **building** is noted, **building** names, plaster detailing or fretwork.
- (f) The **sign** shall not cover a window or door.
- (g) The **sign** does not protrude beyond the **building** body.
- (h) The **sign** is attached by methods appropriate to the **building** structure, being chem-set anchors or similar product for concrete or brick **buildings** and by a support system for a wooden **building**.

~~3 Trimming an identified notable tree identified in Appendix 14.9.2 where authorised by a National Environmental Standard in relation to the **National grid**. (Sub 39.550)~~

14.3.3 CONTROLLED ACTIVITIES

14.3.3.1 The following activities are controlled in any zone in relation to a **heritage resource** identified listed in Appendix 14.9.1. (Sub 24.800) The activities require Land Use Consent from the **Council**:

- 1 Works on an historic item listed in Appendix 14.9.1 for the purposes of earthquake strengthening (Sub 18.128)
- ~~2 The modification, but not structural modification, of any **heritage resource** in the same or similar materials and design as those originally used, or work relating to those parts which are not protected. (Sub 18.127).~~
- 3 Trimming a notable tree listed in Appendix 14.9.23 (Sub 18.152) for the purpose of maintaining the health or long term viability of the tree.

14.3.4 RESTRICTED DISCRETIONARY ACTIVITIES

14.3.4.1 The following activities are Restricted Discretionary Activities in any zone in relation to a **heritage resource** identified listed in Appendix 14.9.1. (Sub 24.810) The activities require Land Use Consent from the **Council**:

1. **Additions and alterations to any heritage resource listed in Appendix 14.9.1 (Sub 18.127).**
2. An additional **sign** on features listed in Appendix 14.9.1 that have existing **signs**. Additional **signs** must not be greater than 0.25m² provided that:
 - (a) The **sign** denotes the name or purpose of the activity undertaken on the **site**.
 - (b) A freestanding **sign** has a maximum **height** of 2m.
 - (c) An attached **sign** is located on the ground floor level of the **building**.
 - (d) The **sign** is not internally illuminated or made of reflective material.
 - (e) The **sign** is not placed over features for which the **building** is noted, **building** names,

plaster detailing or fretwork.

- i. The **sign** shall not cover a window or door
- ii. The **sign** does not protrude beyond the **building** body, and
- iii. The **sign** is attached by methods appropriate to the **building** structure, being chem-set anchors or similar product for concrete or brick **buildings** and by a support system for a wooden **building**.

14.3.5 DISCRETIONARY ACTIVITIES

14.3.5.1 The following activities are Discretionary Activities in any zone in relation to a **heritage resource** listed in Appendix 14.9. The **Council** may grant or refuse resource consent for a Discretionary Activity. The following activities may be established after Land Use Consent has been granted by **Council**:

1. **Signs** that do not comply with the standards for Permitted or Restricted Discretionary Activities.
2. Excavation or construction within a **site** that contains any feature listed in Appendix 14.9.1 or a notable tree listed in Appendix 14.9.3. (Sub 8.202, 18.152)
3. The structural modification of any **heritage resource**, or part of any **heritage resource**, listed in Appendix 14.9.1

14.3.6 NON-COMPLYING ACTIVITIES

14.3.6.1 The following activities are Non-Complying Activities in any zone in relation to a **heritage resource** listed in Appendix 14.9. The following activities require Land Use Consent from the **Council** and consent may be granted or refused:

1. Any activity not specifically stated as a Permitted, Controlled, Restricted Discretionary or Discretionary Activity, unless otherwise stated.
2. The demolition, partial demolition (Sub 18.134) or removal of any **heritage resource** identified in Appendix 14.9.1.
3. The removal or destruction of a notable tree identified in Appendix 14.9.3. (Sub 24.840, 8.203, 18.152)

14.4 ~~ASSESSMENT CRITERIA FOR RESERVED CONTROLLED ACTIVITIES~~ (Sub17.14)

14.4.1 The **Council** has reserved control over the following matters for all Controlled Activities and may impose conditions in relation to these matters:

14.4.1.1 Effects on notable trees

1. The trimming of any notable tree will be undertaken only after receiving advice from a trained arborist. (Sub 24.880)
2. That the structure and form of the tree will not be depreciated by the trimming or treatment.
3. That the root system of the tree will not be harmed from the trimming or treatment.
4. Trimming or treatment of any tree will not affect any adjoining trees.

~~14.4.1.2 The effects of the activity on Heritage values~~

- ~~1. The enhancement or depreciation of the resource's heritage values. (Sub 18.136)~~
- ~~2. The heritage values of adjoining **sites** and **heritage resources**. (Sub 18.137)~~

~~14.4.1.3 The effect of the Alteration to the resource~~

- ~~1. Structural deterioration of the **heritage resource**. (Sub 18.138)~~
- ~~2. The degree to which any alteration will affect the character of the resource. (Sub 18.139)~~
- ~~3. The use of materials and colours that will enhance the quality of the resource. (Sub 18.140)~~
- ~~4. That the materials used are sympathetic to the surrounding environment. (Sub 18.141)~~
- ~~5. Destabilisation of the **site, building**, place or area of the **heritage resource** from tunnelling, digging, vibration, or excavation activities. (Sub 18.142)~~

~~14.4.1.4 The effects of the activity in relation to the Enhancement of the resource (Sub 18.143)~~

- ~~1. Mechanisms implemented to protect and enhance heritage values. (Sub 18.143)~~
- ~~2. Use of design criteria, including architecture, colour, materials, orientation, placement of **signs**, and location of **site access** to maintain and enhance heritage values. (Sub 18.143)~~
- ~~3. Any fencing, screening, or other physical works that assist in enhancing values of the **heritage resource**. (Sub 18.143)~~

14.4.1.5 General matters

1. The necessity for the activity and alternative methods and locations available for applicants to carry out the works or activities.
2. The requirement for works to enable earthquake strengthening the **building**.
3. The extent to which the earthquake strengthening reserves the recognised heritage values of the historic item. (Sub 18.129)
4. The nature, form and extent of the activity and the likelihood of damage, modification or destruction of archaeological **sites**.
5. The significance of the **heritage resource**, its condition and the importance attached to the **site**.

- ~~6. The findings of any assessment carried out by qualified persons (eg. archaeologist in the case of historic sites). Such a report shall identify and provide assessment of effects and proposals for avoidance of mitigation of effects, where applicable. (Sub 18.146)~~
7. Whether the proposal meets the provisions of the ICOMOS New Zealand Charter for the Conservation of Place of Cultural Heritage Value, and;
8. Any conditions imposed in an authority issued under the Heritage New Zealand Pouhere Taonga Act 2014.

14.5 ASSESSMENT CRITERIA FOR RESTRICTED DISCRETIONARY ACTIVITIES (Sub17.14)

14.5.1 The **Council** has restricted discretion control over the following matters for the identified Restricted Discretionary activities. Consent may be granted or refused in relation to these matters and, if consent is granted, **Council** may impose conditions on these matters.

14.5.1.1 Signs

1. The extent to which the location, size and colour of the **signs** detract from the recognised character and values of the heritage item.
2. The extent to which any **sign** including supporting structures, detracts from the heritage significance or values of a heritage **building**.
3. Whether any **sign** obscures or detracts from the architectural values of the **building**/structure including decorative detailing, structural divisions, windows or doorways.
4. Whether additional **signs** will detract from the heritage details of the **building**/structure.
5. The extent to which the design of the **sign** and the graphics and the colour are compatible with the **building**/structure or **site**.
6. Whether the means of fixing the **sign** to a scheduled **building** or structure including associated cabling or wiring for illuminated **signs** will adversely affect the heritage fabric and heritage values of the scheduled **building** or structure.
7. Whether the intensity of illumination will adversely affect the heritage values of the **building** or structure.

14.5.1.2 Additions and alterations to any heritage resource

1. The conservation or depreciation of the resource's heritage values. (Sub 18.136)
2. Structural deterioration of the heritage resource. (Sub 18.138)
3. The degree to which any alteration or addition will affect the heritage values of the resource. (Sub 18.139)

4. The use of materials and colours is consistent with the identified heritage values. (Sub 18.140)
5. That the materials used are sympathetic to heritage values of the surrounding environment. (Sub 18.141)
6. Destabilisation of the **site, building,** place or area of the **heritage resource** from tunnelling, digging, vibration, or excavation activities. (Sub 18.142)

14.4.1.4 *The effects of the alteration or addition in relation to the conservation of the resource (Sub 18.143)*

1. Mechanisms implemented to protect and conserve heritage values. (Sub 18.143)
2. Use of design criteria, including scale, design, form, style, bulk, height, colour, materials, orientation, placement of **signs,** and location of **site access** to conserve heritage values. (Sub 18.144)
3. Any fencing, screening, or other physical works that assist in conserving values of the **heritage resource.** (Sub 18.145)
4. The effect on the heritage values of adjoining **sites** and **heritage resources.** (Sub 18.137)

14.4.1.5 The findings of any assessment carried out by qualified persons (eg. archaeologist in the case of historic **sites**). Such a report shall identify the heritage values of the heritage site or resource and provide an assessment of effects and proposals for avoidance or mitigation of effects, where applicable. (Sub 18.146)

14.6 ASSESSMENT OF DISCRETIONARY ACTIVITIES

14.6.1 The following are matters to which the **Council** will have regard to in considering whether to grant consent or impose conditions in respect of activities that are listed as a Discretionary Activity:

1. The necessity for the activity and alternative methods and locations available for applicants to carry out the works or activities.
2. The nature, form and extent of the activity and the likelihood of damage, modification or destruction of archaeological **sites**.
3. The significance of the **heritage resource,** its condition and the importance attached to the **site,** where the significance of the **site** will be assessed against those matters stated below.
4. The findings of any assessment carried out by qualified persons (eg. archaeologist in the case of historic **sites**). Such a report shall identify and provide assessment of effects and proposals for avoidance of, and mitigation of effects, where applicable.
5. Whether the proposal meets the provisions of the ICOMOS New Zealand Charter for the Conservation of Place of Cultural Heritage Value.

6. Any conditions imposed in an authority issued under the Heritage NZ Pouhere Taonga Act 2014.
7. The significance of the **site** will be assessed against the following matters:
 - (a) The extent to which the place reflects important or representative aspects of New Zealand history.
 - (b) The association of the place with events, persons, or ideas of importance in New Zealand history.
 - (c) The potential of the place to provide knowledge of New Zealand history.
 - (d) The importance of the place to tangata whenua.
 - (e) The community association with, or public esteem for, the place.
 - (f) The potential of the place for public education.
 - (g) The technical accomplishment or value, or design of the place.
 - (h) The symbolic or commemorative value of the place.
 - (i) The importance of identifying historic places known to date from early periods of New Zealand settlement.
 - (j) The importance of identifying rare types of historic places.
 - (k) The extent to which the place forms part of a wider historical and cultural complex or historical, cultural and local landscape.
 - (l) Such additional criteria for registration of waahi tapu, waahi tapu areas, historic places, and historic areas of Māori interest as may be prescribed in regulations made under the Heritage NZ Pouhere Taonga Act 2014.
8. In relation to new buildings to be constructed within a site listed in Appendix 14.9.1, the extent to which the location, bulk, scale and design of the new building detracts from the recognised heritage values of the historic item in Appendix 14.9.1 will be considered. (Sub 18.135)

14.7 OTHER METHODS

14.7.1 Other methods for achieving the objectives and policies of this section are:

1. **Council** development of a Plan Change for a cultural heritage inventory and protective rule framework for the District in consultation with the community. The Plan Change would be based on a cultural heritage study to identify, assess and select for scheduling waahi tapu and sites of significance to Maori. As funds allow this will be checked and updated particularly where there is a high density of **sites** and a significant potential demand for development.
2. Encouraging landowners to protect **heritage resources** by:
 - (a) Providing information about these resources including location, value, and mechanisms available for protection.

- (b) Providing rates relief for voluntary protection of resources on private land where such protection is of benefit to the wider community and in keeping with **Council** policy.
3. The assessment of the townships within the Ōpōtiki District, and implementation of ~~heritage plans~~ Plan Changes to recognise and protect the distinct heritage character of the such townships. The Matthews and Matthews Ōpōtiki Town Centre Historic Heritage Study 2006 would be used as a background for the plan change with regard to the Ōpōtiki town centre.
- 4 Consultation with Iwi and Hapū to determine the most appropriate ways to protect and manage archaeological **sites** and waahi tapu where they are of concern for Māori heritage.
- 5 A Significant Archaeological Study to be undertaken for the District, with its outcomes being included for recognition and protection and appropriate rule framework within the District Plan. A Plan Change could then be developed for significant archaeological sites and related protective rules for the District in consultation with the community and Heritage New Zealand (Sub 18.117, 18.149)

14.8 EXPECTED ENVIRONMENTAL RESULTS

Environmental outcomes anticipated from the implementation of the objectives, policies, and methods of this section are:

- A. Protection of **heritage resources** and an increased public awareness of their values.
- B. Increased number of **heritage resources** being protected in the District Plan for their values, or managed in a way that ensures their continued existence. (Sub 18.150, 18.151)
