Submission number 42

Name Valerie Takamore

Support or oppose Oppose

Reasons for support or oppose I was born and raised in Opotiki been here all my life horses have always been here even before I was born..my hubby was bought up with horses my boys and mokopuna all have horses and care for them.At present I live near a paddock where horses are in including my Mokos horses..it's is annoying to know that the gates or fences are cut hense why horses get out to no fault of the owner..is there somewhere or some paddock council has that horse owners can use instead of giving them the heave ho and nowhere to go..it saddens/annoys me that council don't communicate with the people and just fire a head and make decisions..we have roaming horse because I know for a fact they can't get out unless someone lets them out 🙄🙄
