Support or oppose Oppose

Reasons for support or oppose Kia ora e te Kaunihera. We oppose the aforementioned amendment to Part 8 (Animal Cotrol) of the Consolidated Bylaws 2020. Horses have long been part of our community here in Opotiki. They are not a danger to anybody and quite frankly there are more pressing issues in Opotiki that require your attention such as Methamphetamine. Please work with our community to build a win win situation for both the community and the horses but penalising the horses with these bylaws isnt a solution it will only create more problems in the future.
