Submission number 47

Name Marchelle Williams

Support or oppose Oppose

Reasons for support or oppose My whanau have grown up with horses in opotiki, my grandfather and his father bred horses here between 1920and 1970 and passed this passion onto their children and moko. It's a shame ODC want to fight their community on this matter and it just shows how heartless this council is towards the people that voted them there in the first place. This proposed amendment is a disgrace and I not only oppose it but i oppose those councillors responsible for dreaming up this kaka and they will not get my whanau's votes next election.
