Submission number 91

Name Jo Koko

Support or oppose Oppose

Reasons for support or oppose Born and bred in Opotiki although I don't own a horse they have been an integral part of the way of life here for so many people for so many years. For generations I have seen the effects it has held for families and people of all ages from young to old. I have witnessed the healing capabilities a horse has given young children with disabilities to the older generation of fond memories. Just seeing these majestic animals brings a smile to someone's face even on their gloomiest days. Horses are a welcomed sight to many here.
