

# Ōpōtiki District Council

## Electing the Mayor

---

### **David MOORE**

My principal place of residence is in the Ōpōtiki District Council area.

Opotiki is my hometown where I was educated, worked in the old majestic BNZ before it was demolished, establishing a beekeeping business and after working in the Police in Whakatane

and Opotiki my wife Wendy and I opened the Harcourts office in 2008.

I would like to utilise my skills and be part of the Governance team serving as Mayor to achieve positive outcomes. Listening to the Community is important, to help make informed and transparent decisions that will deliver the best possible outcomes for present and future generations.

If successful, priority would be building a team culture including Council Staff and the wider community.

Developing and adopting plans, policies and budgets is very important because the Opotiki District Council covers a wide area with limited resources to fund core services, future projects, infrastructure and assets.
