Name Carly Parkinson

Support or oppose Oppose

Reasons for support or oppose Born and bred in Opotiki horses have been a natural way of life, they are apart of my whakapapa as far as I'm concerned. You take away the horses your taking away whakapapa! Your also removing something for our youth, what more do you want to take away. Yes penalise those that aren't taking care of the horses but don't include those in our town that aren't doing anything wrong those very whanau who are good horse owners and bring a lot to our community. It's our unique culture with Opotiki, keep it as it is!
