Support or oppose Oppose

Reasons for support or oppose Horse's are OPOTIKI they are what makes our town unique, You take that away you are taking away our history, one of the important ICONS of our town. HORSES, they are a part of us and we are apart of them. OUR town is our HOME not some big time make shift HARBOUR city you want to make it into for the RICH to come to. Increase in population has been happening for years and ALL of a sudden due to all the changes "HORSES are now a risk" - Yeah nah don't believe it one bit. I am doing this not only on behalf of my wider whanau BUT my children and moko's for today and the future of been brought up in OPOTIKI surrounded by horse life.
